

## **Gentle reminder & new abstract**

Dear Colleagues and Friends

the deadline for presenting an abstract to the next ISA-Forum in Buenos Aires is quickly approaching: 15-12-2011. Those of you who are interested, please have a look at the following link:

<http://www.isa-sociology.org/buenos-aires-2012/rc/rc.php?n=RC21>

I would like to draw your attention to the fact that also the missing abstract on session “L” on *“Urban studies and the challenge of travelling concepts and comparative methods”* has been uploaded.

A local committee of colleagues and phd students is supporting us in developing some special urban excursions “off the beaten track”.

We look forward to meet you in Buenos Aires August 1-4, 2012.
