8th Africities Summit: envisioning the future for the African region

27/11/2018

Africities is the great municipalist gathering of the African Continent. Held in the Pearl City of Marrakech, in Morocco and organized by the African section of UCLG (UCLG Africa). The event gathered over more than 8,000 participants from 53 countries across the continent and it has been the gathering in which the African municipal movement has tackled, with a hopeful perspective, the most important -and even painful- issues of the Region.
