

# Singapore 2019 26th ITS World Congress.

21-25 OCTOBER

The 26th Intelligent Transport Systems World Congress, the world’s leading transport technology congress, will be held in Singapore 2019. Themed ‘Smart Mobility, Empowering Cities’, it will host 10,000+ participants, 300+ exhibitors, and 20+ technical tours and demonstrations.

## Call for Papers and Special Interest Session Proposals

The International Programme Committee invites ITS experts to submit their contributions to be considered for presentation and publication at the ITS World Congress in Singapore in 2019.

Authors are invited to submit papers under the following four categories. Deadline for paper submission is Wednesday, 9 January 2019, 23:59 (GMT+8)

Technical Papers	Scientific Papers	Commercial Papers	Special Interest Session Proposals
Addresses institutional, business, societal and economic aspects of ITS and include technical subjects.	Demonstrates scholarship, innovation and analysis of new types of problems and/or solutions rather than different approaches to areas that have already been researched.	Describes near-market work rather than pre-market work. Authors working for or in close collaboration with commercial companies are welcome to submit papers.	A limited number of Special Interest Sessions (SIS) will be included in the programme, in addition to conventional presentations, discussion sessions, executive and plenary sessions.

### KEY DATES

- 1 Oct 2018: Launch of paper submission
- 9 Jan 2019: Paper submission deadline
- 15 Apr 2019: Status notification to paper authors and SIS organisers
- 29 Apr 2019: Re-submission deadline for conditionally accepted papers
- 10 Jul 2019: Speaker registration deadline
- 1 Aug 2019: Final paper submission deadline
