

Invitation to take part in a study on Displaced Academics and Students in Higher Education

Dear MCAA members,

We invite you to take part in a study on **Displaced Academics and Students in Higher Education**. This study is being led by researchers at the University of Manchester and the EU-funded [Marie Curie Alumni Association](#)*.

The link to the survey is here:

<https://apps.mhs.manchester.ac.uk/surveys//TakeSurvey.aspx?SurveyID=II31I65M>

Please feel free to disseminate this message and/or the survey through your networks.

By responding to this survey, you will help the researchers collect data to understand, and support, academics and students who have experienced forced displacement. There is a humanitarian angle to this project, which encourages respondents to contribute their knowledge about best practices. We expect that the survey will take 15-30 minutes to complete.

The results of this study will be presented at several events in order to contribute to the discussion and development of relevant policies. These include the European Science Open Forum (2018) in Toulouse, France, and the Marie Curie Alumni Association General Assembly and Annual Conference (2019).

We thank you for your time and cooperation.

Best regards,,

The MCAA Policy Working Group
