

Estimados colegas,

Con mucho gusto les comparto nuestro artículo publicado en *Habitat International*, titulado, "Mexico's mass housing: An underexplored locus of informality." Las autoras Alejandra Reyes y su servidora pensamos que nuestra investigación sobre informalidad e irregularidad en los desarrollos habitacionales construidos en las últimas décadas en la periferia de ciudades de México, podría ser de utilidad para nuestros colegas en Latinoamérica.

El artículo es totalmente accesible.

Aquí está el enlace al manuscrito "Mexico's mass housing: An underexplored locus of informality":
