Dear Dr. Olimpia,

I hope you are doing well.

I am pleased to announce the new Springer Nature book series: “**Sustainable Design and Creative Arts (SDCA)**.” You can learn more here: <https://link.springer.com/series/60426>

With this in mind, I invite you to consider one or both of the following opportunities:

1. **Submit a book proposal:** We welcome publications of conference proceedings, monographs, edited volumes, and contributed volumes. IEREK’s well-trained editorial office will support you at every stage of the publication process.
2. **Submit a paper:** I also invite you to contribute and submit a chapter to be included in the first book, which offers a strong opportunity to attract citations. The proposed volume is titled: “**Design and Arts for Nature: Architecture for Social Fabric and Aesthetic Environments.**”

If you are interested, please let me know how you would like to proceed.

Thank you, and best regards,

Omar El-Soury
