

Conservation News

Updates from the Getty Conservation Institute

May 2026

Tell Us What You Think

Did you know Conservation News has been reaching conservation professionals for more than a decade?

Over the years, our digital communications—including this e-newsletter, social media, and web content—have shared project updates, research, resources, and training opportunities that support the global conservation field.

We want to be sure our content mix continues to meet your needs.

Please take our short survey to share what's most useful to your work and how you'd like to engage with our digital content.

Mission Statement

The Getty Conservation Institute works internationally to advance conservation practice in the visual arts - broadly interpreted to include objects, collections, architecture, and sites. The Institute serves the conservation community through scientific research, education and training, field projects, and the dissemination of information. In all its endeavors, we create and deliver knowledge that contributes to the conservation of the world's cultural heritage.

About Conservation News

Conservation News is published six times a year with updates on our activities and timely information for conservation professionals.
