URBAN GATEWAY

For The International Urban Development Community

Cities are gaining power in global politics – can the UN keep up?

Over the past two years, urban issues – from sustainability in the built environment, to inequality in cities – have become an international priority. Cities, in turn, are taking on a more important role in global politics...[Read more](#)

The Future of Asian & Pacific Cities

The cities of 2030, 2050 and 2100 will be very different from today. They will be cities transformed in their demographic composition, in their implementation of technology and in their wider ecological contexts. The challenges of building cities sustainable enough to meet the changing needs of the future will require new ways of thinking and working, as well as new kinds of multi-stakeholder initiatives and partnerships.

The Future of Asian and Pacific Cities Report makes the case for four priorities and four approaches to realize a sustainable urban future in Asia and the Pacific. A sustainable future occurs when urban and territorial planning lays a foundation; resilience guards against future risk; smart cities deploy the best technology for the

job; and financing tools help pay for it all...[read more](#)

Events

World Urban Forum

(8th to 13th February 2019)

The World Urban Forum, which is convened by UN-Habitat, is the world's most important conference on cities. As a non-legislative forum open to all, it provides the opportunity for thousands of participants involved in all aspects of urbanization to share practices and knowledge on how cities are built, planned and managed. In 2020, WUF will be hosted for the first time by an Arab nation – Abu Dhabi, the capital

and the second most populous city in the United Arab Emirates and capital of the Emirate of Abu Dhabi.
