Session 12: Culture/climate change: migration, adaptation, and re-settlement in an age of change

Steven Yearley (steve.yearley@ed.ac.uk) and Laura Jeffery (laura.jeffery@ed.ac.uk), University of Edinburgh, UK

Description: Sociologists are now very aware of climate change, but to date there have been few studies of the migrations and re-settlements that are expected to be an aspect of cultural adaptation to this phenomenon. This session invites empirical and theoretical analyses offering insights into this topic.
